our philosophy

A unique range of exclusive body care products and professional spa treatments, prepared by blending native African plant extracts, the natural goodness of the sea and eco-friendly production technologies.

The B | Africa product line has been created in honour of Bea Tollman, founder and president of The Red Carnation Hotel Collection, who says: "The unique natural locations of each of the Red Carnation properties are encapsulated in our B | Africa products and treatments, which harness the essential, life-giving properties of Mother Nature's rich bounty to calm, detoxify, nourish and energise body, mind and spirit."

B | Africa will now be the signature product range in the ultra-luxurious Spas at The Twelve Apostles Hotel and Spa in Cape Town, The Oyster Box in Durban and Bushmans Kloof Wilderness Reserve & Wellness Retreat in the Cederberg Mountains. Journey to our properties to enjoy the particular and unique combinations of the natural and indigenous elements in each habitat, the inspiration for B | Africa.

In addition to the three Spas, B | Africa will be used for in-room amenities such as shampoo, conditioner and bath salts, allowing hotel guests to experience these refreshing and restorative spa products in the comfort of their rooms.

NATURE'S ACTIVE INGREDIENTS INCLUDE
